DETAILED DESIGN

Detailed display

Environmentally friendly
noisereducing material wiring system

Slender when viewed from the front
but strong when viewed from the side

Unique "arch" structure

VOLTA refers to the
distinctive "arch" architectural structure

Slim but strong legs

Unique visual design
steel legs Sturdy and reliable
making the visual style more spacious

Graceful lines

Incorporating novel, light arcs into
the table legs, central toolbar, desktop
edges and other areas creates a unique and
contrasting sense of power and lightness

Storage system

The desk is equipped with a
medium-sized locker to meet office
document storage needs.
